Ms. Brooke L. Rollins
Secretary of Agriculture
United States of America
Washington, DC

Dear Secretary Rollins,

As you know, the USDA NWS mission to Mexico will finish its work in my country tomorrow.

I would like to propose that we hold a videoconference early next week to discuss future steps with regard to the suspension of cattle exports from Mexico, and measures to strengthen our common effort against NWS.

We can also take the opportunity to discuss your future visit to Mexico that was agreed in principle when we met in May, to address other issues in our common agenda.

I look forward to your reply.

Sincerely yours,

Julio A. Berdegué
Secretary of Agriculture and Rural Development
