

April 23, 2012

Honorable Debbie Stabenow
Chairman
Committee on Agriculture,
Nutrition, and Forestry
United States Senate
Washington, DC 20510

Dear Madam Chairman:

As you requested, CBO has prepared an estimate of the effects on direct spending of draft legislation to reauthorize agricultural programs and for other purposes that was posted on the Web site of the Senate Committee on Agriculture, Nutrition, and Forestry on April 20, 2012.

CBO estimates that enacting this proposal would reduce direct spending by \$26.4 billion over the 2013-2022 period, relative to spending projected under CBO's current baseline. Further details of that estimate are displayed in the three enclosed tables. Because the proposal would affect direct spending, pay-as-you-go procedures apply. CBO has not estimated the additional discretionary spending that would result from implementing the proposal; such spending would be subject to appropriation. (Enacting the proposed legislation would not affect federal revenues.) CBO also has not reviewed the proposal for intergovernmental or private-sector mandates.

If you need further details on this estimate we would be pleased to provide them. The CBO staff contacts are: Kathleen FitzGerald, Gregory Hitz, Emily Holcombe, David Hull, and Jim Langley.

Sincerely,

A handwritten signature in black ink that reads "Douglas W. Elmendorf".
