

Making wholesalers and convenience stores that sell to consumers pay for the credits that cover the cost of blended fuels will lead to expensive administration compliance issues for EPA as well as the greater possibility of renewable fuel credit fraud. Please indicate whether you strongly agree, somewhat agree, somewhat disagree, or strongly disagree with this statement.

Wholesalers and convenience stores that sell to consumers do not make gasoline. That is what refiners do. Wholesalers and convenience stores should not have to pay for the credits that cover the cost of blending ethanol. That is the job of refiners. Please indicate whether you strongly agree, somewhat agree, somewhat disagree, or strongly disagree with this statement.
